Alper Dur

Software Developer · Computer Programming

SUMMARY

I am a Computer Programming student at Izmir University of Economics. Since 2023, I have been actively working in software development, building projects in backend systems, automation tools, and web applications. I am a developer focused on problem-solving, committed to continuous learning, and driven to create technological solutions for real-world needs.

EDUCATION

Izmir University of Economics

Computer Programming · 2024 – Present

Receiving comprehensive education in data structures, algorithms, database management, and object-oriented programming.

EXPERIENCE
